Your pet is being admitted today for grooming and/or a bath. Most of the time anesthesia is not needed for this procedure, however, if we feel that your pet is overly nervous, anxious or un-cooperative, we may recommend anesthesia. A physical examination will be performed prior to the anesthesia. We always recommend a **pre-anesthetic blood screen**, like those performed in human hospitals, to ensure that your pet is at low risk for any medical complications. We also recommend an **EKG** for pets over 8 years of age or with any known heart conditions. This test alerts us to any potential problems.

YES ___ **NO** ___ Please administer **anesthesia** if necessary.

The additional fee for the pre-anesthetic blood test is \$70.00.

YES ___ **NO** ___ Please complete the **blood test** prior to anesthesia.

The additional fee for the EKG is \$25.00.

YES ___ **NO** ___ Please complete the **EKG** prior to anesthesia.
